

MET-TECH | Product Data Sheet

DIESEL GENERATOR SETS - 40 UNITS - 8.7 MW EACH - NEVER INSTALLED!

Ref. No.: DIESELGEN200201

Year: 2010, MOD. 2015-2020

Brand: MAN, ABB

Qty. 40 Second-hand diesel generator sets ? never installed

Type: HFO, LDO fired Generator Sets 8.7 MW each, 50 HZ

Mfc.: MAN Built

Alternator new: 2017-2020 Controls

Condition: Excellent, preserved by OEM continuously and stored in Warehouse based on preservation contract

Running hours: 0 hrs

Guarantee: 18 month from shipping date or 12 months from commissioning date!

PRICE: PER UNIT!

Specification

Engine Manufacturer: MAN Type

Rating 8.7 MW Speed: 7,083 rpm

Fuel consumption: 190 gr/kwh (8,113 KJ/Kwh) Lube oil consumption

Efficiency: 44%, ISO condition

Generator Manufacturer: ABB Capacity

Voltage: 11 kV +/- 5%, 50 Hz Speed

Cos ?: 0.8 Insulation system

Scope of Supply

Main components as above, controls, auxiliary equipment like coolers, lube oil and fuel oil system, switch yards, air intake filter, exhaust gas silencer, tools, HV/LV switchgears, DC system (USV), MV/LV station transformers, basic and detailed engineering, documents like disposition drawings, wiring diagrams, cable lists, erection documents, etc. subject to final clearance.

Erection and commissioning can be offered if required.
